CIRCULAR.

DEPARTMENT OF THE SECRETARY OF STATE,
OTTAWA, 18th April, 1879.

SIR,—I have the honour to transmit to you herewith, a printed Circular Despatch from the Right Honourable the Secretary of State for the Colonies, and its enclosure, respecting the interchange of visits between Officers of Her Majesty's ships and Governors, Lieutenant-Governors, Administrators, and Presidents of Colonies.

I have to request that you will cause publicity to be given thereto in the Province of British Columbia.

I have, &c.,
(Signed) EDOUARD J. LANGEVIN,
Under Secretary of State.

To His Honour the Lieutenant-Governor, Victoria, B. C.

CIRCULAR.

DOWNING STREET,
7th March, 1879.

SIR,—With reference to my Circular Despatch of the 24th of April last, enclosing regulations with regard to the interchange of visits between Officers of Her Majesty's Ships and Governors, Lieutenant-Governors, Administrators, and Presidents of Colonies, I have the honour to state that questions having been raised respecting these regulations, it has been considered desirable to revise them, and I now transmit to you copies of the new rules for insertion in any volumes of the Colonial Regulations in use in the Colony under your Government.

2. You will observe that under the new regulations provision has been made for paying and returning visits in certain cases by deputy, and that it is provided that Officers acting temporarily in higher civil offices or commands are, in respect to visits, to be upon the same footing as if they were confirmed in such offices or commands.

3. The Lords Commissioners of the Admiralty have stated in reply to a reference made to them on the subjects that the words "in command" in the regulations are used to designate all Officers who may be in command of any of Her Majesty's Ships, and are not intended to mean the Senior only of the Officers in command of vessels when two or more are present in Port at the same time.

I have, &c.,
(Signed) M. E. HICKS BEACH.
The Officer administering the
Government of Canada.

CHAPTER XIX.

Interchange of visits between Officers of Her Majesty's Ships and Governors, Lieutenant-Governors, Administrators, and Presidents of Colonies.

§ 431.

1. A Governor is to receive the first visit from all Naval Officers in command.

2. A Lieutenant-Governor is to pay the first visit to a Flag Officer or Commodore of the 1st Class, being a Commander-in-Chief, but to receive the first visit from all other Officers.

3. An Administrator or President is to pay the first visit to all Flag Officers or Commodores, but to receive the first visit from all other Officers.

4. Return visits are to be paid within 24 hours, and in person, to all Flag Officers, Commodores, Lieutenant-Governors, Administrators, and Presidents; but by an Aide-de-Camp or other Officer deputed by the Governor, Lieutenant-Governor, Administrator, or President, as the case may be, to all other Naval Officers.

5. Should the Governor or any other Officer administering the Government of a Colony find that from indisposition or pressure of important business he is unable to pay or return these visits in person, he will depute his Aide-de-Camp or some other Officer to do so. In like manner should a Flag Officer or Commodore from indisposition or pressing occupation be precluded from paying or returning these visits, he will depute his Flag Lieutenant, or other Officer not below that rank, to do so. In each case the Officer failing to pay the required visit in person will report the circumstance, and assign the reasons which led to the omission, to the Department under which he is acting.

6. Officers acting temporarily in higher civil offices or commands are, in respect to these visits, to be upon the same footing as if they were confirmed in such offices or commands.

7. The Senior Naval Officers present will arrange, when necessary, to provide suitable boats to enable Governors, &c., to pay any official visits afloat, and to re-land them, on their notifying their wishes to that effect.

CIRCULAR.

DEPARTMENT OF THE SECRETARY OF STATE,
OTTAWA, 24th March, 1879.

SIR,—I have the honour to transmit to you herewith a printed Circular Despatch, from the Right Honourable the Secretary of State for the Colonies, and its enclosure, respecting the International Exhibition which the Government of Victoria propose to hold in Melbourne in the course of the year 1880-81.

I have to request that you will cause publicity to be given thereto in the Province of British Columbia.

I have, &c.,

THE MELBOURNE INTERNATIONAL EXHIBITION, 1880.

In accordance with a Commission issued under the great seal of the Colony of Victoria, and with the co-operation of the Imperial Government of our Gracious Sovereign the Queen, an International Exhibition of Arts, Manufactures, and Agricultural and Industrial Products of all Nations will be opened at Melbourne on the 1st day of October, 1880, and will close on the 31st day of March, 1881.

The Exhibition will be held in buildings specially erected for the purpose in Carlton Gardens, centrally situated in the City of Melbourne, and the cost of erecting such buildings, and all expenses incidental to the Exhibition, will be defrayed out of funds voted by the Parliament of Victoria.

The Commissioners are empowered to invite the British, Foreign, and Colonial Governments to take part in this Exhibition, and they will be glad to learn that steps have been taken to provide for the representation of every country and colony thereat.

The fact that Australasia has been represented at all the great Exhibitions of the world since their inception in the year 1851, and the advance she has made in productive industry, the extent of her commercial relations, and the high position to which her imports and exports have attained, indicate that she has now reached the period when she may profitably invite the great manufacturing countries to send the most complete products of their skilled industry to a people who are in a position to become not only good customers but generous competitors.

1. Applications for space, with full particulars, are invited as early as possible. Copies of the official form of entry can be obtained upon application to the Secretary to the Commissioners.

2. Excepting under the circumstances specified under Article 4, applications for space must be made through the representatives of the country or colony to which the applicants belong.

3. Governments intending to take part in this Exhibition are requested to forward an intimation to that effect not later than the 1st of June, 1879.

4. In the event of no representatives being appointed by the country or colony to which an intending exhibitor belongs, he can communicate direct with the Secretary.

5. Applications for space should be made not later than the 30th day of June, 1879.

6. British, Foreign, and Colonial Governments, or Commissioners appointed by them, are requested to inform the Melbourne Commission not later than the 1st day of January, 1880, whether they require any increase or diminution of the space offered them, and the amount. They are also requested to state whether there will be any exhibits for which special space should be provided, together with a description showing their nature and quantity.

7. Before the 1st day of June, 1880, the representatives of countries or colonies should furnish approximate plans, showing the manner of allotting the space assigned to them, and lists of their exhibitors, and other information necessary for the production of the Official Catalogue.

8. Commissioners representing countries or colonies, and private exhibitors, may adopt one of three courses, viz:—

(a.) They can ship their exhibits direct to Melbourne, and make their own arrangements for their shipment, reception, and exhibition.

(b.) Or consign their exhibits to—

The Secretary
International Exhibition, 1880,
Melbourne, Australia.

with specific instructions as to what is desired.

(c.) Or, having previously forwarded an entry to the Melbourne Commission, they can forward the goods, together with invoices and descriptions, to any of the following firms or companies:—

London—Messrs. James M'Ewan & Co., 27 Lombard Street; or to Messrs. M'Ilwraith, M'Eachran & Co., Leadenhall Street.

Liverpool—Messrs. John Swire & Sons.

Glasgow—Messrs. Aitken, Lilburne & Co.

Antwerp—Messrs. Jules Renard & Co.
New York—Messrs. R. W. Cameron & Co.
San Francisco—Pacific Mail Company.
All Ports where the Company has Agencies—The Peninsular and Oriental Company.

9. Packages forwarded from countries and colonies represented at the Exhibition should be addressed—

To the Commissioner for-----
at the International Exhibition of 1880,
Melbourne,
Victoria,
Australia,

and have two labels bearing the flag of the country to which the exhibitor belongs; or, where no representative has been appointed:—

To the Secretary
International Exhibition of 1880,
Melbourne,
Victoria,
Australia.

and two labels, affixed to different but not opposite sides of the package, giving the following information:—(1) The country from which it comes. (2) Name or firm of exhibitor. (3) Residence of the exhibitor. (4) Group and class to which exhibits belong. (5) Total number of packages sent by same exhibitor. (6) Serial number of that particular package. Each package must contain a list of the exhibits it contains.

Packages from foreign countries containing goods intended for the Exhibition must likewise have painted on them, as distinctive marks, the letters *M. I. E.* surrounded by a circle.

Packages from foreign countries must all be marked in such a way as to show distinctly whence they come, viz., with the colours and devices of their national flag. Foreign Commissioners are particularly requested to forward to the Melbourne Commission, as soon as possible, copies of the forms of address and the distinguishing marks which they have severally adopted.

10. In cases where exhibits are forwarded to Melbourne through any of the above-named agents of the Commission, all expenses of freight, marine insurance, &c., should be prepaid by the exhibitor, but if that be inconvenient, the exhibits will be forwarded, and the charges and freight paid by the agents. The sum advanced by the agents will be regarded as a first charge upon the exhibits, to be deducted from the net proceeds, in the event of their being sold. Should such exhibits, however, not be sold, but be claimed by the exhibitor or his authorized agent at the close of the Exhibition, then such sums as may have been disbursed by the Commission or any of its agents must be paid before such goods are delivered.

11. Customs entries, transportation, receiving, unpacking, and arranging the products for exhibition will, if required by the exhibitor, be undertaken by the Commission, at the expense of the exhibitor.

12. Arrangements will be made for transporting goods from the port of Melbourne, or the several railway stations, to the Exhibition grounds at a fixed rate of charges.

13. Exhibits will be admitted free of duty. The removal of goods, except under special circumstances, will not be permitted prior to the close of the Exhibition. Facilities will be given for the sale of exhibits, delivery to be made after the close of the Exhibition.

14. The protection of inventions capable of being patented and of designs is secured by the patent laws of Victoria.

15. The placing and fixing of heavy articles, requiring special foundations or adjustment, should begin by special arrangement as soon as the progress of the work upon the Exhibition Buildings will permit. The general reception of articles in the Exhibition Buildings will commence on 1st June, 1880, and no articles will be admitted after 31st August, 1880. The plans for the display and accommodation of such objects as may require either special arrangements or exceptional works for their erection must receive the approval of the Commission before they are executed, and the works must be carried out under the supervision of its agents. The special preparations of which mention has been made will be commenced as soon as the buildings and various annexes are sufficiently advanced. The works of general fitting-up must be commenced not later than the 1st of May, 1880, and must be ready to receive goods before the 15th day of July, 1880.

16. Space assigned to countries and colonies, and not occupied on the 1st day of September, 1880, will revert to the Commission, and will be subject to re-arrangement.

17. If exhibits are not intended for competition it must be so stated by the exhibitors, and they will be excluded from examination by the International Jurors.

18. An Official Catalogue will be published in English by the Commission, by which the sale of catalogues is reserved. Every country and colony will, however, have the right of producing at its own expense, but in its own language only, a special catalogue of the objects exhibited in its section. No work of art, nor any article whatever, exhibited in the buildings, parks, or gardens, may be drawn, copied, or reproduced in any manner whatsoever, without the permission of the exhibitor. The Commission reserves the right of authorizing the production of general views.

19. The representatives of countries and colonies, when appointed, will be allowed to group their exhibits as they may think fit in that portion of the Exhibition Buildings allotted to the country or colony which they represent.

20. Exhibits, from any country or colony, whose Government is not represented, will be grouped according to some one of the following classes. The same direction will be followed in the Catalogue:—

1. Works of art.
2. Education and instruction—Apparatus and processes of the liberal arts.
3. Furniture and accessories.
4. Textile fabrics, clothing and accessories.
5. Raw and manufactured products.
6. Machinery—Apparatus and processes used in the mechanical industries.
7. Alimentary products.
8. Agriculture.
9. Horticulture.
10. Mining industries—Machinery and products.

Each of these groups is divided into classes, according to the system of general classification annexed to these regulations (Appendix). This Appendix includes for each class a summary enumeration of the objects which it will comprise.

21. A limited quantity of steam and water power will be supplied gratuitously. The quantity of each will be settled definitely at the time of the allotment of space. The Commissioners desire to encourage the display of machinery in motion, and they will endeavour to provide adequate power to meet all reasonable demands. Any power required by the exhibitor in excess of that allowed, will be furnished by the Commission at a moderate price. Demands for such excess of power must be settled prior to the 31st of August, 1880.

22. By the introduction of steam power it is proposed to afford facilities for presenting not only the machinery for any given manufactures, but the manufactures themselves; and it is further intended that space shall be afforded for the production in the Exhibition of interesting objects by manual labour.

23. Exhibitors must provide at their own cost all show-cases, shelving, counters, fittings, &c., which they may require; and all shaftings, pulleys, belting, &c., for the traces and measures of power from the main shafts; but the Commission is prepared, if required, and upon being furnished with full particulars, to make arrangements for the construction of show-cases by contract, at a price per cubic foot, the cost to be borne by the exhibitor using the same. All artistic decorations and arrangements must be approved by the Commission.

24. The Commission reserves the right of rejecting or returning any proposed exhibit.

25. The following special regulations are framed for the reception and admission of works of art. The works admissible include the five classes mentioned below:—

1. Paintings.
2. Drawings, water-colours, crayon drawings, miniatures, enamels, porcelain, designs for stained-glass windows (with the exception of those which merely represent subjects of ornamentation), and mosaic work.
3. Sculpture and die-sinking, and engraving on precious stones.
4. Architecture.
5. Engraving and lithography.

26. The following are excluded:—

1. Unframed pictures or drawings.
2. Sculpture in unbaked clay.

27. The duty of deciding upon the admission of works of art will devolve upon a special jury. Special and suitable rooms will be reserved for the exhibition of such ancient pictures and works of art as may be admitted by a special jury. Other regulations will give information as to the despatch and reception of works of art.

28. Facilities will be given, upon application to the Commission, for the erection of special constructions, whether in the buildings or grounds.

29. The Commission will take precautions for the safe preservation of all objects in the Exhibition, but will be in no way responsible for damage or loss of any kind, or accidents by fire or otherwise, however caused.

30. Facilities will be afforded the representatives of countries and colonies, and private exhibitors, for insuring their goods; and they may also employ watchmen of their own choice to guard their goods during the hours the Exhibition is open to the public. The appointment of such watchmen will be subject to the approval of the Commission. These persons shall wear a special dress or distinctive badge, and they will always have the power of calling the police to their aid.

31. Articles that are in any way dangerous or offensive, or injurious to public decency and morality, will not be admitted into the Exhibition.

32. Sketches, drawings, photographs, or other reproductions of articles exhibited, will only be allowed upon the joint consent of the Exhibitor and the Commissioners; but views of portions of the building may be made, upon the sanction of the Commission alone.

33. The following is the system under which the awards will be made:—

The awards shall be based upon written reports adopted by the Jurors.

The Jurors shall be selected for their known qualifications and character, and shall be experts in the departments to which they are especially assigned; the British, Foreign, and Colonial Jurors shall be appointed by the representatives of each country or colony exhibiting. The Jurors for Victoria will be appointed by the Melbourne Commission.

Jurors will be reimbursed their personal expenses. Reports and awards shall be based upon inherent and comparative merit, the elements of merit being held to include considerations relating to originality, invention, discovery, utility, quality, skill, workmanship, fitness for the purposes intended, adaptation to public wants, economy, and cost.

Each report shall be delivered to the Commission as soon as completed.

Awards shall consist of gold, silver, and bronze medals, and a certificate of honourable mention, together with a special report of the Jurors on the subject of the award.

Each Exhibitor shall have the right to produce and publish the report awarded to him, but the Commission reserves the right to publish and dispose of all reports in the manner it thinks best for public information, and to embody and distribute the reports as records of the Exhibition.

34. Immediately after the close of the Exhibition, Exhibitors or their duly appointed agents shall remove their effects and complete such removal by the 1st of June, 1881. Goods then remaining will be removed by the Commission, and sold by auction, or otherwise disposed of, under the direction of the Commission, and the net proceeds handed to the Exhibitors or their duly appointed agents.

35. Every person who becomes an Exhibitor thereby acknowledges, and undertakes to observe, the rules and regulations established for the government of the Exhibition.

36. The Commission reserves the right to alter, explain, amend, or add to these regulations whatever may be deemed necessary.

Information on any question of details can be obtained upon application to
